LEADERSHIP
JACKSONVILLE

Letter from the Chief Executive Officer

Jill Langford Dame
Chief Executive Officer

Dear Leadership Jacksonville Friends and Alumni:

Our yearbook graphic this year is a map showing the five counties that are part of our program area. The map and lines symbolize the **journeys** that **Leadership Jacksonville** alumni take in their leadership. It stands for the many places where our alumni serve. The art also represents the **connections** Leadership Jacksonville alumni build through their **communities**.

Leadership Jacksonville's mission to **educate**, **connect** and **inspire** diverse leaders to build and strengthen their communities is as vital today as it was at our founding in 1976. More than 4,300 participants have completed our four core programs and follow a path of **community engagement**. The many communities where our alumni live, work and play are the beneficiaries of your leadership.

Gifts of time and treasure enable these programs. The many volunteers, donors and sponsors who are listed in this book - as well as those who came before them - make a leadership journey possible for new generations. Thank you for these gifts to Leadership Jacksonville and for the amazing things that you are doing through our communities. You are setting the roadmap for the future.

Jill Dame

Board President

Dear Friends and Supporters:

I am honored to serve as the 43rd President of Leadership Jacksonville. I look forward to engaging with you, and you with each other as we courageously commit ourselves to the vision of Leadership Jacksonville through our participation.

As we contemplate the future, I encourage us all to think about what is needed to ensure we are securing the best opportunities for our communities. Not just for ourselves, but the next generation of citizens. Accomplishing greatness requires work. We need engaged and informed community leaders that are willing to address challenges and opportunities and have crucial conversations that bring solutions to the table for Northeast Florida. While we know our communities are changing – economies, demographics, brands and politics, change can occur with compassion, dignity, humility and civility. I am proud to be a part of the best group of "change agents."

Leadership Jacksonville current classes, alumni and staff, I am encouraged that our future is BRIGHT because of you. Leadership Jacksonville truly can serve as a catalyst for vibrant, connected communities where diverse perspectives are valued and encouraged for the greater good. On behalf of the Board and Staff, I would like to thank our alumni, donors and partners for your continued support and what you do collectively for our communities.
